

My CTS - Winter 2020 Update

The current version of My CTS is **2.30.5 (c55d7e89)**.

General

- **COVID-19 Info** - Resources updated.
- **General Resources > Course Offering** - Seat availability is now visible in the Course Offering, showing if a course's enrollment is currently full.
- Various bugs were squashed.
- Various improvements were made to increase efficiency and make things better.

Employees

- **Academics > Educational Technology** - Faculty resources for remote learning has been renamed and moved from the **Launchpad** to **Academics > Educational Technology**.
- **Academics > Faculty Load** - Added tools to assist the Academics Office with calculating faculty load.
- **Academics > Grades** - Added the ability for faculty to submit grades via My CTS. The pilot phase is being completed presently and more information will be given to faculty in the near future.
- **Academics > Reports** - Added a **Course Offering Master List** report.
- **Admissions > Reports** - Added the **Student Lists** report.
- **Admissions > Reports** - Added reporting for the Admissions funnel.
- **Business Office > Reports** - Added reporting for Business Office needs.
- **Field Education > Reports** - Updated and improved Field Education reports.
- **Financial Services > Apply for Aid** - Added administrative tools to manage the financial aid application.
- **Financial Services > Reports** - Added reporting for Financial Services.

Students

- **Financial Services > Apply for Aid** - Students can now apply for financial aid using the **Apply for Aid** module in My CTS. Contact the Financial Services Department for more information.
- **Registrar > Request Transcript** - The Registrar's Office has deployed a new method for requesting an official transcript, utilizing the power of the National Student Clearinghouse. Contact the Registrar's Office for more information.
- **Registrar > Resources** - Added the Resources module to allow for linking to various documents and information.

Housing

- New housing requests can now upload more than three pictures.

In Queue

- Several large projects concerning One Stop (Registrar, Financial Services, and Business Office) are currently "in queue" as development is finished. Expected completion of these projects is Summer, 2021.
